|---------------------|---------------------------------------------|
| Capacity            | 6 kg                                        |
| Extinguishing agent | Special agent for lithium-ion battery fires |
| Fire classes        | Lithium-ion batteries and electrical        |
| Warranty            | 5 years                                     |
| BUILD               |                                             |
| Body                | Stainless steel                             |

#### How to use: P.A.S.S.

1. **Pull** the safety pin
2. **Aim** at the base of the fire
3. **Squeeze** the handle
4. **Sweep** side to side

#### Care & service

Check it every month: gauge in the green zone, pin and seal in place, nothing blocking it. Get it serviced as per IS 2190 and refilled after any use. FIRENET does refilling, hydro testing and AMC in Pune & PCMC.
